No. 24

LAMONI JONES PASSES AWAY

Immediate Cause of Death Was Acute
Inflammation of Stomach.

WAS YOUNG MAN OF STIRLING WORTH

Deceased was Well Respected by All
—Died Strong in Faith—Funeral
Thursday Afternoon.

It is with regret that we chronicle the death of Lamoni Jones, a young man of exceptional sterling qualities. His demise occurred Wednesday, May 17.

He is the son of Thomas J. and Ellen Lunt Jones and was in his 27th year, being born in Cedar City Feb. 16, 1878.

The deceased was called on a mission to California where he contracted rheumatism, on account of which he was honorably released and returned home in 1900. He suffered greatly with this disease up till the time of his death, although everything was done that could be to relieve him, but to no avail.

He was of a cheerful disposition and did not murmur because of his infirmity. He knew that everything was being tried to cure him of his rheumatism by his parents and was appreciative of their endeavors, and so expressed himself many times.

Lamoni was at one time a student of the Branch Normal and won the love of the faculty and students by his cheerful disposition and manly virtues. He also attended the B. Y. A. of Provo for one year.

He held the office of Seventy in the Church of Jesus Christ of Latter-day Saints and was always willing and anxious to perform any duty he was called to do. His faith in his religion sustained him through all his suffering and he died with full faith in the gospel, with the knowledge that those whom he leaves behind would soon join him in the great hereafter.

Funeral services over the remains were held Thursday afternoon at the tabernacle and was exceptionally well attended.

All the stores were closed in honor of the deceased, thus giving the privilege to many that could not otherwise have attended. The speakers were Howard R. Driggs, Geo. W. Middleton, Henry Leigh and C. J. Arthur. They spoke many words of sympathy and condolence to the bereaved ones and told of the many virtues of Lamoni.

Mrs. Driggs sang the beautiful song "Calvary," which the deceased was in the habit of singing to himself during the long years of confinement to his room.

The Record extends its heartfelt sympathy to his parents, brothers and sisters.

Drs. Carpenter are spending the week in Virgin City doing dental and optical work. They are expected back in a few days.

Lawrence Tolton and Walter McFarlane of the Beaver Branch of the B. Y. University, were visitors at the Normal Tuesday.

Mrs. Samuel Peterson of Enterprise, who was operated upon last week for appendicitis, is improving rapidly and it is thought she will be able to go to her home in the course of three weeks.

PAID TO GET PROTECTION.

Origin of "Blackmail" Was in the Sixteenth Century.

Literally, blackmailing means black rent. In ancient days, rent that was paid in money was known as white rent, and rent that was paid in kind was known as black rent, and sometimes as black mail. In the sixteenth century the borderland between Scotland and England was in a perpetual state of disorder, and the farmers of the neighborhood used to pay such rent, or blackmail, to the powerful chieftains, to preserve them and their property from molestation. As public opinion began to view border discord with disapproval, the term blackmail acquired a meaning akin to that which it now suggests—viz., payments extorted by illegal threats.

ENOCH N. NAEGLER DEAD.

Bright Young Man of Toquerville Cut
Down in Prime of Life—
Biographical.

[Dixie Advocate.]

The many friends and acquaintances of Elder Enoch N. Naegle will read with surprise the announcement of his death, which occurred at his home Sunday night the 8th inst., of septic-malarial fever, after an illness of six weeks duration.

Elder Naegle is the son of Patriarch John C. and Regula B. Naegle and the youngest of his mother's children.

When a boy he removed with his parents to Mexico and returned to Utah to attend the Brigham Young academy at Provo and also the St. George Stake academy, and was well and favorably known among the teachers and students of these institutions.

At the age of twenty he left for a mission to Germany and Switzerland where he labored diligently for two years and nine months, and was one of the six of his father's family laboring in the Swiss and German mission at the same time. Shortly after his return from this mission he married Miss Lenora Taylor of New Harmony, and three children have been born to them, the youngest dying last July.

About three years ago Brother Naegle and his family removed to Emery county, locating at Price City, where he soon became very popular and was chosen to the positions of Stake secretary of Sunday schools, secretary of the 101 quorum of Seventies and teacher in the Theological department of the Price Sunday school. While faithfully performing the duties of these offices he received the ordination of High Priest under the hands of President R. G. Miller, J. H. Pao and Henry Mathis, and set apart as counselor to Bishop Horseley of Price.

One year ago he was released to return here to take charge of the affairs of his brother Joseph R. who had been called to fill a second mission and who left for the Northern States.

At the time of his demise Brother Enoch was in the presidency of the M. I. Association.

While in Mexico Sister Regula Naegle was called to mourn the untimely death of her son Hyrum, who was killed by a bear while out hunting, an account of which appeared in the Deseret News some years ago. Each of these boys were of splendid physique and robust constitution and the wonder is that their careers were so short. Sister Naegle has but two other children, Joseph R. Naegle and Francis R. Harmon, wife of Hon. Levi Harmon of Price, Utah.

Last Friday night Instructor Milne of the Branch Normal was in Beaver and spoke to the students of the B. Y. U. on the subject of Physical Culture. The faculty and students of the school, as well as numbers of visitors, were in attendance and all seemed to be deeply interested in Instructor Milne's talk. He also got the track boys out on the campus Saturday and put them through a few paces on the different drills, jumps and races, etc. Mr. Milne claims that the Beaver school has some good material and feels that it would be to the advantage of both the Normal and Beaver schools to have a friendly contest occasionally. He says that in talking over certain matters that he found that parties from both schools have been laboring under some misunderstanding and thinks that now everyone concerned have a better idea of matters pertaining to the talk of meet between the two schools. Instructor Milne informs us that it would be a good idea to "kiss and make up" and meet each other more often, for there are some fine people in the Beaver institution. Mr. Milne was accompanied by Ernest Fife and both gentlemen were treated royally.

Mr. Samuel Muller who has been quite ill the past two weeks is slowly recovering.

The company sheep have all been sheared and sheep shearing is now a thing of the past.

TO EXPLORE OIL FIELDS

Wells to be Bored on Holdings in
—Virgin District.

W. N. LANGE, JR., SECURES BOND.

First Derrick to be on Ground Within
Next Thirty Days Under
the Agreement.

[Dixie Advocate.]

Owners of oil lands in the vicinity of Virgin City are feeling encouraged over the prospect for the development of their properties and of ascertaining without any cash out lay on their part whether or not petroleum exists there in paying quantities. If it does, then William Lange, Jr., of San Francisco will pocket the deeds to every alternate section all through the heart of the section.

During his recent visit to this part of the country Mr. Lange entered into an agreement with the Rio Virgin Oil and Refining company and the La Verkin Oil and Mining company for the development of their properties, the conditions of which are as follows: Within 90 days of the execution of the bond, some thirty days of which have already elapsed, Mr. Lange agrees to have suitable oil derricks on the ground of the first named company. When this is done the company agrees to place deeds to every alternate quarter section of their holdings in escrow with McCormick & Co., at Salt Lake. Thereupon work is to commence upon the ground of the company and be prosecuted without needless delay, either until oil is found or until 1,000 feet of depth shall have been reached, when the aforesaid deeds are to be released to Mr. Lange. Within thirty days thereafter work is to commence upon the holdings of the La Verkin Oil and Mining Co. and be prosecuted under like conditions. Dr. Aeffel and associates, who also have large holdings, agree to deed every alternate quarter section of their ground to Mr. Lange in the event of his striking oil on the holdings of the Rio Virgin company.

Information of a reliable nature has reached the parties interested in relation to the financial standing of Mr. Lange and his ability to carry out his part of the program. The information is to the effect that not only is Mr. Lange possessed of considerable wealth himself, but he represents heavy financial interests.

Better indications for oil are rarely ever met with on the surface than are to be found in the Virgin district, and if Mr. Lange is the sort of person he is represented to be it will be only a matter of a few months before the locators will have some definite knowledge of the conditions below the surface of the ground.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. So wonderful were their effects, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed bottles 50c.

ROY DUFFIN'S DEATH.

Letter Written by Supt. of Mine Giving
Details of Accident.

The following letter is published in order that the friends and relatives of Mr. Roy Duffin may have a fuller account of his sad death, and was written to his father by the superintendent of the mine at which he was killed.

Jerome, Arizona, April 1, 1905.

Mr. Duffin, Toquerville, Washington County, Utah.

Dear Sir:—It is with extreme sorrow I write you an account of your poor boy's death, as I well know the sorrow it will cause his good mother and wife, as well as yourself and the rest of the family.

Everything about the mine at present is excitement, but I lose no time in letting you know all I can at this time, 3 p. m.

He was working here about two weeks on the night shift as helper on a machine which goes off at 4 o'clock in the morning. A few minutes before this time he and eleven others were in the 300 station waiting for the cage to take them up when the explosion occurred, caused by a cave in an old part of the mine that had been on fire and bulkheaded for a long time, and it now appears on account of excessive rains recently this old stope caved in from the surface, causing a tremendous concussion which broke the bulkhead in a drift leading to the station and a flame of hot air shot out burning and almost suffocating twelve poor fellows. They were all taken to the company hospital and given the best of care by three doctors.

Roy sent for me and I went and talked with him, and while he was in great pain he and I thought he might recover, but I presume he inhaled so much of the flame that he was injured inside mostly.

He told me he had recently been married and asked me to send his body home in case he did die, and told me where you lived, your full name, etc.

The doctor told me he had a fair chance for recovery, and I left him about 10 o'clock a. m. and he died before 11 o'clock, less than an hour, and indeed I was surprised. I have sent you two telegrams and will act according to your instructions. I have arranged to have his body embalmed and ready to ship to where you may direct, at the company's expense.

There are now five of the men dead and two or three more are sure to die. I will do all I can towards looking after his effects, etc., and anything I can do will be done.

Very truly yours,

Wm. McDermott.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamiting would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and la grippe. Price 50c. and \$1.00; guaranteed. Trial bottle free. For sale by Palace Drug Co.

Mrs. Royal Gardner of Pine Valley gave birth to a bouncing boy on April 30th. Dr. G. W. Middleton was in attendance. We cannot realize how this event escaped our notice. However, mention of it is better late than never and we promise that if a similar one occurs again we will endeavor to make note of it in season.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound and saved his life. Best in the world for burns and sores. Price 25c.

GOOD WOMAN PASSES AWAY.

Margaret Adams Coudie of Hamilton's Departed this Life
May 16, 1905.

Margaret Adams Coudie, wife of George Coudie of Hamilton's died Tuesday morning at 10 a. m. The immediate cause of her demise was heart disease and dropsy. Mrs. Coudie as born in Scotland, October 12, 1840 and immigrated to Utah in the early days before the advent of the railroad. Soon after landing in Utah she was married to George Coudie at Salt Lake City and together they came to what was known as Hamilton's Fort, which was located just below where the town of Hamilton's now stands. After residing there for a few years she, with her husband and family moved to Kanab, Millard County, and resided there for some time, coming back to this country and locating in the town of Hamilton's where they have lived ever since, a matter of 31 years.

Mrs. Coudie was the mother of nine children, six of whom have preceded her to the great beyond. She has held important offices in the Relief Society where she lived and was well respected and liked by all who had the pleasure of her acquaintance. She died as she had lived, a strong believer in the principles of the gospel of the Latter-day Saints and parted this life with a firm belief that she would meet her loved ones that had gone before.

She was able to be about her daily avocations up to within two or three days of her death and passed peacefully to the well earned rest.

The Record extends its deepest sympathy to the bereaved family.

Funeral services were held at Cedar City in the tabernacle Wednesday afternoon, which was well attended by her many friends.

CHEAP RATES EAST.

On May 27-28, June 3-5-10-12 roundtrip tickets will be sold via the Colorado Midland railway to points in Iowa, Illinois, Missouri and the Middle Western states at a rate of one fare plus two dollars. Stop over and final limit September 15th. No other line can compare with the "Midland Route" for scenic attractions and good service.

Banner Lye

is easy to use

No other lye is packed so safely and conveniently, or is so economical—not a bit wasted. No other lye or soap cleans and disinfects so easily and thoroughly as **Banner Lye**. It is not old-style lye. Odorless and colorless; the greatest cleanser and disinfectant the world has ever known. Use it for cleaning your kitchen, cellar, sinks, dairy, milk-pans and bottles, for softening water, and the labor of washing and cleaning will be cut in half.

Makes pure soap

and saves money besides. A 10-cent can of **Banner Lye**, 5 1/2 pounds of kitchen grease, ten minutes' easy work (no boiling or large kettles), and you have 10 pounds of best hard soap or 20 gallons of soft soap.

***Banner Lye** is sold by your grocer or druggist. Write to us for free booklet "Uses of **Banner Lye**." The Penn Chemical Works Philadelphia U.S.A.
